

Artist: Carly Rae Jepsen
Album: E MO TION
Released: 2015

Overall: This is a great overall album. Replay-Worthy.

Track 1: Run Away with Me

The opening song to the Carly Rae Jepsen's album is a nice blend of sultry, subtle and sonic melodies and harmonies.

Track 2: Emotion

Great Lyrics and stylings. Hitting the high notes like a Professional.

Track 3: I Really Like You

This is a pop style song. Very Cool. The background and middle ground sounds are very nice.

Track 4: Gimmie Love

A nice soothing song. The lyrics shine. The meanings of giving love is universal.

Track 5: All That

My favorite song on the Album. Themes of friendship and companionship. The crystals playing in the background sounds so relaxing.

Track 6: Boy Problems

A critique of today's relationship's statuses. A somber problems matched with upbeat lyrics.

Track7: Making the Most of the Night

A more mature sound. Very cool. A flip the script of heroes and heroine's roles. Nice song.

Track 8: Your Type

Cool song. Heartfelt. A sad song from a girl's perspective.

Track 9: Let's Get Lost

Starts off as a dainty, delicate and debutante type song. A lot of songs have a theme about taking the long way to the destination. This is a love song. The saxophone at the end is a great addition.

Track 10: LA Hallucinations

These seems like an autobiographical song. Great beats. She really a clear idea for this song.

Track 11: Warm Blood

This is a nice song. A different kind of her vocals. Maybe some techno mix. Nice stylings and sounds.

Track 12: When I Needed You

Uplifting Pop music. One of the best tracks on the album, In my humble opinion. When you need someone there are only 2 or 3 real friends that come in a pinch. This song reminds me of that feels. Most relatable song.

Track 13: Black Heart

Electropop starting point. This is the more bad girl and fun side. She is very original in this song.

Track 14: I Didn't Just Come Here to Dance

This is a great party dance track. Very ready to get the party started. Sparks flying. It seems that this song is an example of chasing a girl chasing a boy. Such a great a song.

Track 15: Favourite Colour

This is the reality bytes song. The song that wraps up the album. It is a fitting ending to this album. And shows how she grew during creation of this album
