

Ballroom Dancing Basics DVD review
by Mohammed Lodhi Hussain

This is my favorite Ballroom dancing class. I have had others and this is the best. straight forward and easy to understand. Following along with instructors in easy and fun.

If you have always wanted to learn how to ballroom dance then you are sure to pick up some important tips and tricks in this excellent production.

They go through some dances, then steps and then putting it all together. It is under 2 hours and its an excellent choice.

Definitely a Gold Star.

Thank you.

Sincerely,

Mohammed Lodhi Hussain
