

1. intro

a. Hi everyone. I got busy with the summer vacation. Let's get to it. A simpler format.

2. body

a. Job losses to AI for August 2026

AI engine.	Job loss as reported by Company's aggregate human potential loss to AI
Google Gemini	3,462 ¹
Twitter's: Grok	3,462 ²
Openai.com	inconclusive
Claude	Wanted to set up an account. Pay walls although free option.

Conclusion: Companies realize that AI tools are not as versatile as individual thinkers. SO they decided to hire rather fire employees.

¹ <https://finance.yahoo.com/economy/article/layoff-plans-trended-down-in-august-and-fewer-companies-are-blaming-ai-093000703.html>

² Same and consistent referencing as Google Gemini's results

b. webStats for the month of August 2026
across all websites.

	Total unique guests for august 2026	Notes
https://sundays7pm.com	1,844	Great content gets customers
http://fanslovebands.com	564	Basic websites need some love.
https://cookiecomputercorner.cloud/	0	Our newest addition to the webservices industry

4. Lessons learned: What are the adjustments?

Answer: I don't really know, yet.

3.Conclusion

Passion, patience and persistence pays major dividends in business and life

Wishing is good. Plans are better. Goals become your reality checkmark. Achievements are the milestones of life. Dreams and goals bridge the gap between the mind and the reality. Action is the glue of courage.

Sincerely,

Mohammed Lodhi Hussain
